

# SMART Internet Monitoring Study

## Expert Council Workshop 1

### Brussels, 3-4 October 2013

#### Agenda (final)

Website: <http://internet-monitoring-study.eu/index.php/workshops/workshop-1>

Venue: Meeting Room 0/54, Offices of the European Commission,  
Avenue de Beaulieu 33 (BU33), 1160 Brussels, Belgium

Note: All participants must bring government-issued photo ID to be let in.

We think of this meeting as one day of discussions -- two “panels of the whole” in which selected participants are asked to comment on key topics, but contributions from all are encouraged and expected -- and a second day of work to develop position papers to help shape our study and its demonstration projects.

#### Thursday, 3 October

9 Coffee and introductions

9:45 **Kickoff: EC study charter and workshop objectives**  
Georgios Tselentis, European Commission  
Scott Kirkpatrick, HUJI

10-1 **Panel: Measurement capabilities and data sharing**  
What is the state of the art? What is missing? Which other questions should we be asking? Which past surveys should we be aware of? Who else should we be speaking with?  
moderator: Scott Kirkpatrick, HUJI  
discussants:

Bala Krishnamurthy, AT&T Research  
Alessandra Scicchitano, SWITCH  
Bruce Maggs, Akamai  
Peter Grošelj, Telekom Slovenije  
Daniel Karrenberg, RIPE  
Meredith Whittaker, Google and Measurement Lab

1-2 lunch

2-5:30 **Panel: Uses and users of this information**

Who requires network measurement data? In what ways do they use it? What additional data would they use if they could have it? In what ways is the landscape changing (new technologies, new regulatory initiatives, etc.)? Who else should we be speaking with?

moderator: Timur Friedman, UPMC

discussants:

Ahmed Aldabbagh, Ofcom

Maxime Forest, ARCEP

Fabrice Guillemin, Orange

Nikolaos Laoutaris, Telefónica I+D

Žiga Turk, Univ. Ljubljana

Guillaume Valadon, ANSSI

7:30 dinner

## Friday, 4 October

9-1 **Working meeting: Developing position papers to use in study's gap analysis**

facilitator: Jerker Wilander, consultant

topics:

- data coverage and sharing -- the vision
- regulation -- the issues and data requirements

1-2 lunch

2-3 Working meeting, continued

3-4 overview of the proposed study survey: Javier Aracil, UAM
