

**SMART Internet Monitoring Study  
Expert Council Workshop 2  
Brussels, 19-20 May 2014**

**Agenda (tentative)**

Website: <http://internet-monitoring-study.eu/index.php>

Venue: Meeting Room 0/54, Offices of the European Commission,  
Avenue de Beaulieu 33 (BU33), 1160 Brussels, Belgium

In this meeting we will review with our Expert Council members the draft version of our results in the measurement study to date, indicate the areas in which we are focusing our gap analysis, and propose a set of use case prototypes that we will develop for our final public workshop in 2015. We also need to hear from and discuss several areas that were not completely addressed in our first workshop, held in October 2013.

**Monday, 19 May**

9 Coffee and introductions

9:45 Kickoff: FIRE unit and workshop objectives

- Georgios Tselentis, European Commission
- Scott Kirkpatrick, HUJI

10-1 Survey of Tools and Methodologies

Presenter: Jorge Lopez de Vergara-Mendez , Universidad Autonoma de Madrid

Questions -- Is this the state of the art? What's missing? Which other questions should we ask? Who requires network measurement data How do they use it?

Views and discussion – the big picture:

Henning Schulzrinne, FCC and Columbia University

Maria Teresa Herrera Zamorana, Telefonica

Bert Wijnen, RIPE NCC

Scribe: Martin Potts

## **Monday 19 May (continued)**

1-2:30 lunch

2:30-5:30 Gap Analysis

Presenters: Timur Friedman, UPMC – Paris 6  
Eunsook Eunah Kim, Martel

Views and discussion – unmet needs:

Peter Heinzmann, CNLab  
Marcin Pilarski, Orange and Warsaw University of Technology  
Boris Batjanin, MG-SOFT Corp

Specific questions – What additional data would regulators, consumers, and carriers use if they could have it? In what ways is the landscape changing (new technologies, new players, new regulatory initiatives, etc.)? Who else should we be speaking with?

How do needs of mobile/wireless stretch our measurement and monitoring capabilities?

Scribe: Jerker Wilander

7:00 dinner

Aux Armes de Bruxelles  
Beenhouwersstraat 13  
1000 Brussel

## **Tuesday, 20 May**

9-12 Next steps for the Infrastructure community; Use Case prototypes:

Presenters: Dimitri Papdimitriou, Bell Labs- LucentAlcatel NV  
Scott Kirkpatrick, HUJI.

Views and discussion – new modes and methods:

Yuval Shavitt, Tel Aviv University  
Arjuna Sathiaselan, Cambridge University  
Walter deDonato, University de Napoli  
Antonio Skarmeta Gomez , Universidad de Murcia

Scribe: Jorge Lopez de Vergara-Mendez, UAM

12-1:30 lunch

1:30 – 3:30 Working session,

Next steps to produce final Survey document and draft Gap Analysis  
collect and organize this workshop's input,

Moderator: Scott Kirkpatrick

3:30 Adjourn
